

Leavenworth National Fish Hatchery

Salmon Festival Parking Guide

Map 1:

This is an overall view of the area. All busses will come in on **East Leavenworth Road** and turn into the Fish Hatchery entrance.

Note: Some busses make the mistake of coming in on Icicle Road and go past East Leavenworth Road. They then turn left into the (usual) main entrance of the hatchery. These busses are asked to turn around and go back to E. Leavenworth Rd and come into the “back entrance” which is the Main Entrance for the Salmon Festival as there is adequate parking off this road. Please try and not make this mistake.

Map 2:

As you come into the area you will be greeted by *Wenatchee Valley Tech Criminal Justice* students, or cadets, at **Point 1**. They will greet you and ensure you know to continue straight to the Drop-Off ZONE. As you approach the Drop-Off, please stay to the right of the road. There will be 4 stopping points indicated by red dots on the map as **POINT 2**. Following the directions of the cadets, pull to the forward-most point that is available. Please wait for a Salmon Festival greeter to board the bus and welcome your students before you unload. Please make your head counts and move once your students have safely unloaded to allow other busses to unload.

Drivers, after you drop off students, please communicate to the cadets (“Salmon Festival parking crew”) if you plan to stay or park. As you exit the area you will turn right to leave (**POINT 3**) or straight to continue to the parking area. There will be cadets along the way to assist and guide you. Black arrow indicates bus parking. The red arrow indicates direction for buses to leave the hatchery.

As the busses proceed to the parking area, please watch your speed to minimize dust clouds for the parking crew. The cadets who are assisting in the parking will make every effort to park your bus **diagonally**. This will ensure ease of exit. Feel free to advise the cadet what would make the exit easier for you. The first few busses will set the tone for the others. We want to ensure an orderly parking experience.

Upon exiting for the day, you will make a slight left turn onto the pavement and return to the area where you dropped off to pick up your students in the afternoon. We HIGHLY recommend that you communicate with your teachers to ensure all students are ready to load before you proceed to the Pick-Up ZONE at the end of the day.

POINT 1 = cadets first greet drivers and find out where they are going

POINT 2 = there are four *Unloading/Loading Stations* at POINT 2 on the map

POINT 3 = cadets assist busses to the parking area or to exit the property

 = Drop-Off and Pick-Up ZONE (**Please Keep Clear unless unloading or loading students**)

 = school bus

 = vendor or visitor vehicle
